Objective

Looking for a promising & challenging career which will enable me to provide best of my Technical, analytical & professional skills. A career which can sharpen my current skills and Knowledge and where I can have a good scope for learning and implementing new technologies.

Experience

- **Infolabz IT Services** 24/5/2021 - 8/6/2021
Internship
I did an online internship at Infolabz It service company about logic handling / data analysis using python, and I did live covid-19 API project and many more about logic handling and JSON API project.
- **IBM** 21/6/2021 - 31/7/2021
Data analytics
It is IBM skillsbuild camp and I joined it with my collage team where we have to make a project according to data analytics using analytic tool we used python and made Big mart project.
- **TST** 1 January 2022 - 1 April 2022
AI/ML
I was an Ai/ML Intern at TST and we have done small projects related to artificial intelligence and machine learning.

Education

- **Delta science school** 2018
12th science
84.49 pr
- **Vishwakarma Government Engineering College** 2022
Electronics and Communication
7.91 CGPA

Skills

- python
- Drawing
- Microsoft office
- Adobe Photoshop
- Video editing
- Flexible in any environment

Projects

- **Smart dustbin**
In this project we use some smart sensor and technology to convert simple dustbin into smart dustbin
- **Digital library security system**
In this project we also made a small website to operate our digital library.
- **Live covid-19 API project**
I did live covid-19 API project in internship at Infolabz It service company , in that project I did fetch live covid-19 API data and convert it into the readable format.
- **Music player**
I learn python by my self watching videos on youtube , channel name "Code with Harry" and also during internship at Infolabz It service company. I also did explore my skills and made a music player project by using playsound python library.

- **Auto News reader**

I used python and made a automatically news reader by using news API and it ask you about which country news you want to hear then you reply and it will read whole news starting with discription.
