PROJECTS

STUDENT RESULT MANAGEMENT SYSTEM - 1 Jan'20 to 1 Apr'20

Student Result Management System is a website designed to search or check semester results conveniently over the internet or while they are connected to their college servers. The system is designed to be user friendly and the user access the required content easily.

The Management System is primarily divided into 2 users

>Student

>Admin

where a student can access the website to check their marks by entering their roll no and branch to download their result.

where as an Admin can add student details, results and edit them whenever he/she wants.

This website can work as an addon to the college management system

USER FUNCTIONS:

Language Used:PHP

Database:MYSQL

User Interface Design:HTML,AJAX.JQUERY,JAVASCRIPT

Web Browser:GOOGLE CHROME

SoFware:WAMP SERVER
