Kajal Vijay Shaha.

Bachelor of Technology in

Electronics & Telecommunication Engineering

E-Mail: kajalshaha28@gmail.com

Mobile No: 9284122183

CAREER OBJECTIVE

I want to play a challenging and creative role in the industry on a long term perspective which enables me to bring the best out of me towards the growth of the organization.

EDUCATIONAL DETAILS

Qualification	University/ Board	Year	Percentage / CGPA
B.Tech	Dr. Babasaheb Ambedkar Technological University	2018-21	9.39
Diploma In Information technology	Maharashtra State Board of Technical Education	2015-18	75%
SSC	Maharashtra State Board	2014-15	68.80%

TECHNICAL SKILLS

Languages: C, C++, C#.Net, ASP.Net.

web technologies: HTML, JavaScript.

Databases: SQL Server.

Operating System: Linux, Ubuntu, WINDOWS XP/7/8/10

EXPERIENCE

Eklavya Techno Solutions, Ichalkaranji (8 month Experience)
Software Developer
Project 1

Duration	**:**	3 months
Environment	**:**	C#, Microsoft Visual Studio 2010, SPA Crystal Report, SQL Server Management Studio 2008.
Description	**:**	Application helps to client communicate between machine and software in that Serial data pass to software and displaying data and store in database. The client creating new batch data and save that data and also retrieving, Delete & Update the data. conversion of scale mathematical & convert to another scale and also which batch data want to client that should display own crystal report.

Responsibilities	**:**	Developing application using C#.Net.
		Design application as per client requirement.
		MySQL to create tables, views, inserting data etc.
		Design crystal report as per client requirement.

Project 2

Duration	**:**	5 months
Environment	**:**	C#, Microsoft Visual Studio 2019, SPA Crystal Report, Emgu CV, SQL Server Management Studio 2018.
Description	**:**	Image capturing and calculate dimensions of image and save image Automatic in database and calculate standard formulas, Graphs, Readings. Which data want to clients that should display own crystal report.
Responsibilities	**:**	Developing application using C#.Net.
		Design application as per client requirement.
		MySQL to create tables, views, inserting data etc.
		Design crystal report as per client requirement.
		Functional and Unit Testing.

INTERNSHIPS

1) Magnewin, Kupwad Sangli– (15th Dec 2018 to 30th Dec 2018)
2) StormSofts, Ichalkaranji– (10th May 2017 to 10th June 2017)

Academic PROJECT

- Automatic Felling & Digital Weighing by using Weight Sensor (Sponsored by SIGMA AUTOMECH)**:**
    - The project aims to develop such a machine which automatically Weighing the food with the help of microcontroller and sensors. The purpose of doing this project is to reduce human efforts and time consumption. It will eradicate the traditional packing and sealing method.
- Online Crime Control **:**
    - The Online Crime Control project Implement in asp**.**net The main purpose of this online crime control project is to provide all crime management solution which are easily accessible to everyone. The crime web application starts with the common people who want to log a complaint though this web application so it is very useful for police department to find out the problem in the society .
- Street lighting system using Piezoelectric Transducer
- Automatic Fan Controller By Using Heatsink
- PWM Based DC Motor Speed
- Railway Reservation System
- Automatic Watering System

DECLARATION

I hereby declare all the above information is true, to the best of my knowledge and belief.
