SKILLS

Computer Network, C Programming, Basic Embedded C-8051 µC, Basic Python 3, VLSI

WORK EXPERIENCE

INTERNSHIP

Anand Techno Creation Satara – Intern (24 Aug. 2020 - 24 Sept. 2020)

(http://www.atcreat.com/Default)

Design of sellable Electronics products

PROJECTS

- **AUTOMATIC ELECTRONICS HAND HYGIENE DEVICE** (08/2020 – Present)
  This project is aimed at designing and developing an "Automatic Electronics Hand Hygiene Device" i.e. Automatic hand sanitizer dispenser unit embedded with hand gloves wearing unit that will be helpful to save lives.

- **HEART BEAT MONITOR** (06/2019 - 09/2019)
  In this project we have used Heart beat sensor module to detect Heart Beat. This sensor module contains an IR pair which actually detect heart beat from blood. Heart pumps the blood in body which is called heart beat, when it happen the blood concentration in body changes.

EDUCATION

- **BACHELOR OF ENGINEERING, ELECTRONICS ENGINEERING.**
  Tatyasaheb kore institute of engineering & technology, Kolhapur, warananagar
  2017 – 2021 | Percentage : **72.20 %**

- **HSC - 10+2**
  Sonai junior college, Kolhapur, Talsande
  2016 – 2017 | Percentage : **70.62 %**

- **SSC – 10th**
  B Y high school, Kolhapur, Peth Vadgaon | 2014 - 2015
  2014 – 2015 | Percentage : **86.60 %**

Awards

- BE Third year **3rd rank** in Electronics Department
- BE Second year **4th rank** in Electronics Department
